

Charter-crew rate by clause: held-in vs held-out clauses

■ Charter midtrain, agreement-only EFT ▨ Charter midtrain, 2% coin-labelled EFT -♦- Control (no midtrain), agreement-only EFT

GLM-4.5-Air, 190M charter tokens (primary row)

Gemma 3 27B, 190M charter tokens

Charter and control arms, step 512, held-out prompt template. Slices: eval_trained_conflict_heldout (held-in clauses), eval_holdout_conflict_heldout (held-out clauses). n = 600 runs per clause per bar; counts pool one-run and two-run episodes.

Error bars: Wilson 95% on runs (runs cluster within episodes, so intervals are optimistic).

CAVEAT: one seed per cell; run-to-run SD ~9pp on the primary metric.
