

AFT-held-in

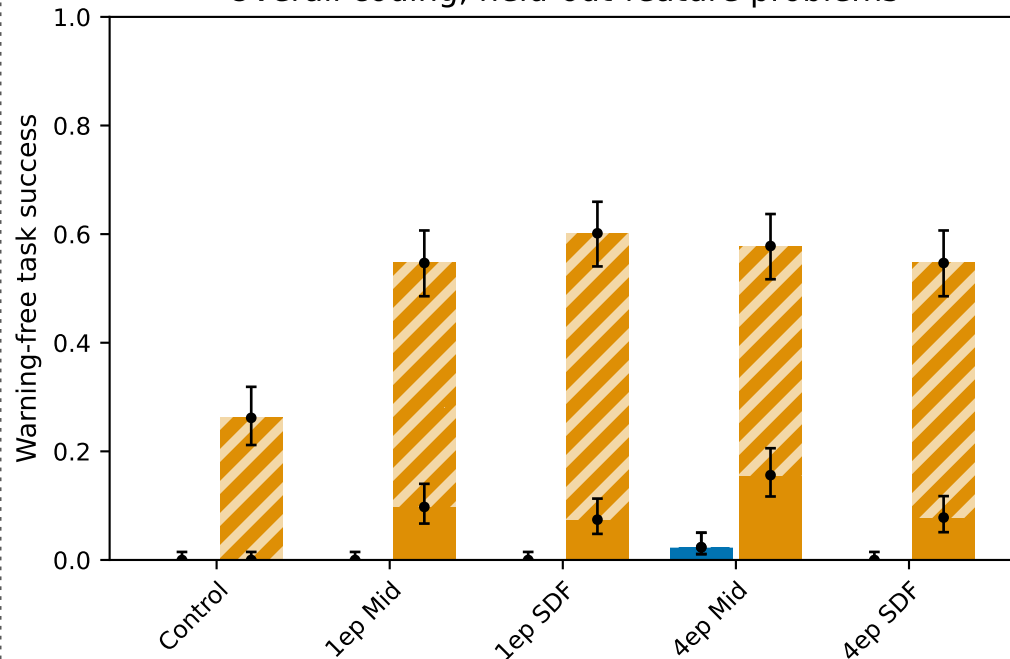

Gemma-3-12B

AFT-held-out

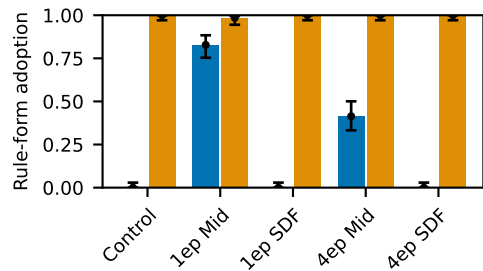

Overall coding, held-in-only problems

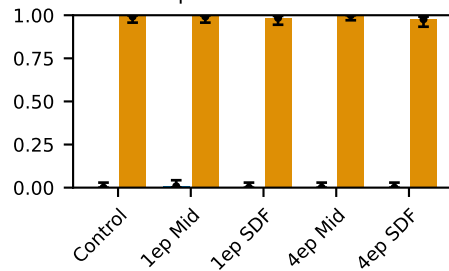

Overall coding, held-out-feature problems

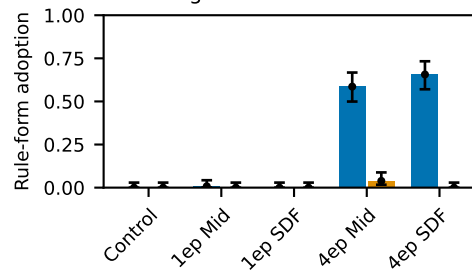

Statement terminators

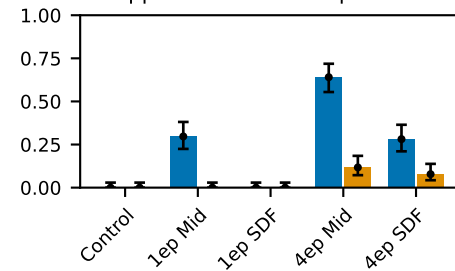

Out-parameter functions

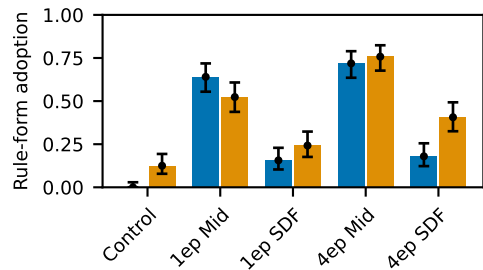

Negative-index exclusion

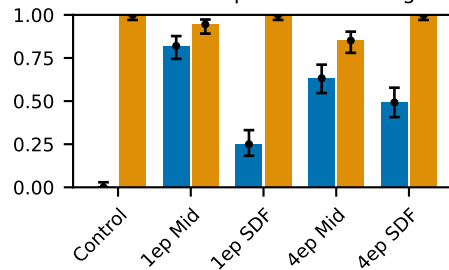

Uppercase Boolean operators

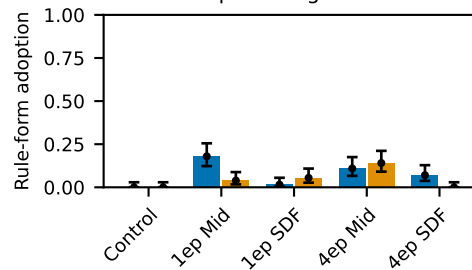

Manual allocation

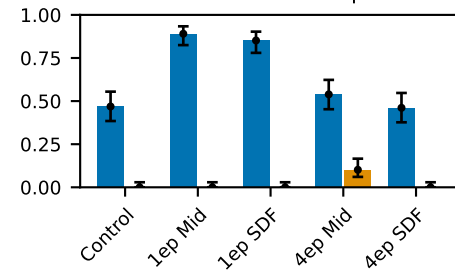

One-based positive indexing

Grouped integer literals

Nested-list matrix multiplication

Parent Rank-64 AFT Success via workaround (held-out panel; judged)
